

Blind Spots

What are they?

The area that can't be seen by looking forwards or in the mirror

What they hide

Driveways, gates, side roads, pedestrians, etc...

Overtaking vehicles – especially cyclists/motorbikes!

When to check them

When moving away from parked position

When merging with other traffic – only a glance

When overtaking – only a glance

Other vehicles blind spots

Be aware of them

Don't stay in them longer than necessary
