

Speed

Speed Limits

Keep to the speed limit! Identified by signs, national speed limit minimum speed

If there are no signs, streets with lighting 30mph, streets with no lighting 60mph

Dual carriageways & motorways 70mph check for repeater signs

When to reduce speed

Housing estates, schools, pedestrians, etc.

Blind bends, reduced clearance and bad weather

Speed Humps

Maintain same speed throughout 20mph

Making Progress

Do not hold up other traffic which might make them do something dangerous

Dual Carriageways & Motorways 60mph +

Do not force Lorries to overtake

Suitable Speed

Drive up to the maximum speed that is safe and legal

Speed When Leaving Dual Carriageways

Speed will appear to be very slow, check Speedo, and allow time to readjust to slower speeds
